

API Postman

The screenshot shows the Postman interface with a workspace named "faglandarmawan's Workspace". The left sidebar displays a collection of requests: "GET Get data", "POST Post data", "DELETE Delete data", and "GET Get JenisCatatan". The main panel shows a GET request to "http://127.0.0.1:8000/api/posts". The response is a 200 OK status with a JSON body containing user information.

```
11 {
12   "name": "Test User",
13   "email": "testuser@example.com",
14   "email_verified_at": null,
